REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest all of the limitations of the allowed claims. For example, newly found reference Saito, et al. (US 2005/0048722A1) discloses the deposition of an inhibitor on the first metal layer and does not teach or suggest the deposition of an inhibitor on a dielectric layer(Saito, et al, paragraph 0049). Simpson et al (US 6,686,282B1) discloses removing a portion of the first metal layer in a first portion of the substrate(Fig. 2).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Caridad M. Everhart whose telephone number is 571-272-1892. The examiner can normally be reached on Monday through Fridays 7:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, B. Baumeister can be reached on 571-272-1722. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
